

### 1960-1973 ski-doo Major Parts Cross-Reference List

Terms of this list: This list is for reference only. The part numbers gathered were taken from many different references and some of Bombardier's Books over time had different part numbers for the same part. You must always use the correct year ski-doo Illustrated Part Breakdowns to make sure you have the correct part(s).

Not all major parts are listed. Again, always use the correct ski-doo Illustrated Part Breakdown Book to make sure you have the correct part(s).

If you don't agree to these terms do not use this list. If you find a mistake please contact me at [teshio@teshio.com](mailto:teshio@teshio.com), I'll update the list on the website to help others.

If you find this Cross-Reference List useful please let me know, I've put a heck of a lot of time in this.

partnum	eng	item	trackw	teeth	model	years
4000001	165	Engine			Chalet	All
4001001	250	Engine			Olympique	64, 65, 66, 67, 68

**1960-1973 ski-doo Major Parts Cross-Reference List**

Terms of this list: This list is for reference only. The part numbers gathered were taken from many different references and some of Bombardier's Books over time had different part numbers for the same part. You must always use the correct year ski-doo Illustrated Part Breakdowns to make sure you have the correct part(s).

Not all major parts are listed. Again, always use the correct ski-doo Illustrated Part Breakdown Book to make sure you have the correct part(s).

If you don't agree to these terms do not use this list. If you find a mistake please contact me at [teshio@teshio.com](mailto:teshio@teshio.com), I'll update the list on the website to help others.

If you find this Cross-Reference List useful please let me know, I've put a heck of a lot of time in this.
